

Education School Tours

We invite K-2nd grade classes to join us for an “Educational Experience” at the Pensacola Interstate Fair.

(You may choose ONE of the tours below. Time will not allow for your group to participate in both tours. All tours are self-guided.)

AG-Venture--The Florida Department of Agriculture has a program called “Florida Ag in the Classroom” which is the basis for this tour. Students will have the opportunity to participate in hands-on activities that are directly related to the Sunshine State Standards and promote Agriculture Education in the classroom. All students will receive an almanac of activities/questions to complete in the classroom, a ribbon, a ride on the carousel and a FREE ticket to return to the Fair. Each teacher will receive a teachers’ kit filled with information/activities to promote agriculture education in the classroom as well as a FREE ticket to return to the Fair.

Rain Forest/Brown Bear Experience--Students will spend 30 minutes at each presentation. At the Rain Forest Experience the students will see 18 different animals from a Bengal Tiger to Macaws to Monkeys and Pythons. The presentation will focus on 5 to 6 specific animals giving information concerning their natural habitats, endangered status, diet, social grouping, and special facts about the animals. The presentation will also focus on conservation of the Rain Forest. The Brown Bear Experience will feature Brown Bears and will educate students on their habits, habitat, etc.

Both tour choices include a ride on the carousel, lunch choice, and a ticket to return to the Fair.

Tours are available Tuesday-Thursday, October 27-30th. You MUST pre-register your group in advance in order to participate in this program.
